Minimum Sampling and Testing Guide

Table of Contents

Introduction	pages i-iii
Section 1 - Tabulation of Acceptance Sampling and Testing	pages 1-80
Section 2 - Required Forms for Tabulation of Acceptance Sampling and Testing:	
T 137	- Asphalt Concrete Pavement Report
T 138 Field	- Base Report, Density and Thickness
T 138 Lab	- Base and Surface Report
T 247	- Request for Testing
T 251	- Concrete Strength Report
T 258	- Concrete and Lean Concrete Base Aggregate Sample Report
T 268	- Log Sheet
T 281	- Asphalt Sample
T 282	- Portland Cement Sample
T 348	- Weekly Embankment Report
	- Project Visual Inspection
	- Manufacturer's Certificate of Compliance
Section 3 -	<i>Revised</i> (The schedule for Independent Assurance Sampling and Testing can be found in the Materials Manual of Instruction, Part 8, Chapter 4, Section 1012)
Section 4 - Minimum Sampling and Testing Frequencies for Quality Management Plans	
Section 5 - Quality Management Plans (QMP)	
	502 Cement
	503 Reinforcing Steel Epoxy Coating
	504 Reinforcing Steel
	505 Precast/Prestressed Concrete Structures
	506 Ready-Mix Concrete
	507 Fly Ash and Pozzolan
	508 Asphalt Emulsion
	509 Asphalt Binder
	510 Hydrated Lime
	511 Concrete Pumping Contractors
	512 Reinforcing Steel Galvanized Coating
